

language intelligence or universal pdf

Universal language may refer to a hypothetical or historical language spoken and understood by all or most of the world's population. In some contexts, it refers to a means of communication said to be understood by all living things, beings, and objects alike.

Universal language - Wikipedia

2 Collective definitions In this section we present definitions that have been proposed by groups or organisations. In many cases definitions of intelligence given in encyclopedias

A Collection of Definitions of Intelligence - vetta project

The evolution of human intelligence is closely tied to the evolution of the human brain and to the origin of language. The timeline of human evolution spans approximately 7 million years, from the separation of the genus Pan until the emergence of behavioral modernity by 50,000 years ago.
