How to do Your Peritoneal Dialysis (PD) Exchange There are several types of dialysis systems available. You and your dialysis team will decide the best system for you. All systems have the same basic principles for doing an exchange. To do a peritoneal dialysis (PD) exchange, you need to connect the catheter with a special dialysis solution. Catheter connection Connecting the catheter to the ...

### **How to do Your Peritoneal Dialysis (PD) Exchange**

Peritoneal dialysis (PD) works using your body's peritoneal membrane as a filter. PD is performed throughout the day using manual bags or at night using a machine. This form of dialysis is very gentle on your body, and it can protect your remaining kidney function. PD is also able to be successfully incorporated into most lifestyles. How peritoneal dialysis works PD is the oldest form of ...
